EU Finance Ministers' Group Wants Digital Euro to Offer Privacy

As per finance Ministers, Digital Euro must offer privacy as well as transparency. Eurogroup said that CBDC could encourage the Bloc's autonomy benefit citizens and businesses. Finance Ministers are considering environmental consequences of the digital euro design. Eurogroup, which is a group of Finance Ministers within the European Union (EU), have said that they want Digital Euro to offer privacy as well as transparency.

Polygon Completes Hard Fork to Reduce Gas-Fee Spikes, Disruptive Reorgs

Polygon, an Ethereum scaling project, successfully completed a hard fork designed to reduce instances of spiking gas fees and disruptive chain reorganizations known as "reorgs." The price of Polygon's native token, MATIC, is up nearly 15% over the last seven days
